Chapter 1

The Coastal Law Context: Uplands, Shoreline, Water 1

A. Introduction to Coastal Systems and Processes 1
   1. The Geology of Instability 2
      Larry G. Ward et al., Living with the Chesapeake
      Bay and Virginia’s Ocean Shores 2
      Gary Griggs et al., Understanding the Shoreline 6
   2. Border Ecology 14
      a. Near-Shore Ecology 15
         the Marine Environment 15
      b. Upland Ecology 21
   3. Natural Disasters and Vulnerability 24
      John C. Field et al., Potential Consequences of Climate
      Variability and Change on Coastal Areas and Marine
      Resources 25
   4. Water-Dependent and Downstream of Everywhere 28
      Chester L. Arnold & C. James Gibbons, Impervious
      Surface Coverage: The Emergence of a Key
      Environmental Indicator 28

B. Conflict Among Private and Public Interests 33
   1. The Roots of Conflict 33
      a. Population Density Along the Coast 34
      b. Expectations and Interests 35
   2. Landward of the Coastline 35
      a. Expectations and Interests: Individual Landowners 36
Lisa V. Faulkenberry et al., A Culture of Servitude: The Impact of Tourism and Development on South Carolina's Coast 37

b. Expectations and Interests: Commercial Landowners 40
   Arthur Gregg Sulzberger, Galilee in Conflict 41

3. Seaward of the Coastline 46
   a. The Legal Coastline and “Public Trust” Lands 47
   b. Expectations and Interests 48
      i. Ecosystem Services 48
         Matthew A. Wilson et al., Integrated Assessment and Valuation of Ecosystem Goods and Services Provided by Coastal Systems, Biology and the Environment: Proceedings of the Royal Irish Academy 49
      ii. Active Uses 54

1. The Beach 55
   Carol Rose, The Comedy of the Commons: Custom, Commerce, and Inherently Public Property 56

2. Recreational Fishing, Boating, and Hunting 57

3. Commercial Fishing 60

4. Oil and Gas Exploration and Development 61
   Teri Schure, Exxon Valdez Oil Spill: 21 Years Later 61

5. Ports 64
   American Association of Port Authorities, The Local and Regional Economic Impacts of the U.S. Deepwater Port System 2006 64
   Natural Resources Defense Council, HARBORING POLLUTION 66

6. Sand and Gravel 69

7. Aquaculture 69

C. Chapter Summary 70

D. Suggested Reading 71

**Chapter 2**

**The Legal Geography of the Coast** 73

A. Legal Geography and the Common Law 74
   1. Tidal Influence and Navigability 75
      *Illinois Central Railroad Co. v. Illinois* 75
      *Phillips Petroleum Co. v. Mississippi* 77
      *Gwathmey v. State of North Carolina* 83
### Contents

2. Locating the Exact Boundary Separating Uplands from Public Waterways: More on the Legal Coastline  
   - In the Matter of Ashford  
   - State v. Ibbison  
   89

3. The Seaward End of Public Waterways  
   - United States v. California  
   - Submerged Lands Act of 1953  
   99

4. Beyond Public Waterways  
   - Matthews v. Bay Head Improvement Association  
   - State ex rel. Thornton v. Hay  
   113

B. Federal Jurisdiction . . .  
   1. . . . And "Navigable" Waterways  
      - Kaiser Aetna v. United States  
      131
   2. . . . And Non-Navigable Waterways and Uplands  
      - Solid Waste Agency of Northern Cook County v. United States Army Corps of Engineers  
      146

C. State Statutes and the Expansion of Traditional Common Law Coverage in Response to the Coastal Zone Management Act  
   - Coastal Zone Management Act, 16 U.S.C. §§ 1452 and 1453  
   162

D. The (Illustrated) Legal Geography of the Coast  
   171

E. Limits on State and Federal Exercise of Regulatory Power: Introduction to "Taking"  
   - Robert Meltz, Takings Law Today: A Primer for the Perplexed  
   171

F. Chapter Summary  
   181

G. Suggested Reading  
   182

---

**chapter 3**

**The Public Trust Doctrine**

A. Historical Roots of the Doctrine  
   1. Roman Law  
      - Richard Perruso, The Development of the Doctrine of Res Communes in Medieval and Early Modern Europe  
      184
   2. British Law  
      - Note: The Public Trust in Tidal Areas: A Sometime Submerged Traditional Doctrine  
      188
B. What Does the Doctrine Require of Government? 192
   1. The Duty Not to Dispose 193
      a. The Sovereignty Rationale 194
         *Illinois Central R.R. Co. v. Illinois* 194
      b. Applying Illinois Central 208
         *CWC Fisheries, Inc. v. Bunker* 208
         *County of Orange v. Heim* 214
      c. Disposing with the Duty Not to Dispose 224
         *Gwathmey v. State of North Carolina* 224
   2. The Duty to Protect Public Access 230
      Dan Barry, A Quiet Escape on the Rivers, and an
      Endangered Species 230
      *State v. Vogt* 233
      *Weden v. San Juan County* 236
   3. A Duty to Ensure Meaningful Access? 246
      *National Audubon Society v. The Superior Court of*
      *Alpine County* 247
      Jack H. Archer et al., The Public Trust Doctrine
      and the Management of America’s Coasts 259
      *Brooks v. Wright* 265
C. Problem Exercise: Application of the Public Trust Doctrine 271
D. Chapter Summary 272
E. Suggested Reading 272

**chapter 4**

**Upland Owners’ Rights** 273

A. The Right to Access the Adjacent Public Waterway 275
   1. Pure Access 275
      *Rumsey v. The New York and New England*
      *Railroad Company* 276
      *Hayes v. Bowman* 281
   2. Wharfing Out 289
      *Prior v. Swarz* 289
      *Krieter v. Chiles* 292
      *Lowcountry Open Land Trust v. State of South Carolina* 294
      *Wicks v. Howard* 299
B. The Right to Accretions 304
   1. Gradual Versus Sudden Change 304
      Joseph L. Sax, The Accretion/Avulsion Puzzle:
      Its Past Revealed, Its Future Proposed 304
2. Natural vs. Artificial Forces
   Brundage v. Knox 315
   State of California ex rel. State Lands Commission v. Superior Court of Sacramento County 317

C. Bringing It All Back Home: Stop the Beach Renourishment 325
   1. A Regulatory Taking?
      Walton County v. Stop the Beach Renourishment 325
   2. A Judicial Taking?
      Stop the Beach Renourishment, Inc. v. Florida Department of Environmental Protection 344

D. Problem Exercise: Balancing Upland Owners’ Rights and the Public Trust 352

E. Chapter Summary 352

F. Suggested Reading 353

chapter 5

The Coastal Zone Management Act and State Coastal Programs 355

A. The CZMA 358
   1. Goals of the CZMA 360
      Coastal Zone Management Act, 16 U.S.C. § 1452 360
   2. Mandatory Elements of Qualifying State Programs 362
      Coastal Zone Management Act, 16 U.S.C. § 1455(d) 362
      a. Structure of State Programs 364
         Marc J. Hershman, The Effectiveness of Coastal Zone Management in the United States 365
      b. Decision-Making 366
         Robert G. Healy & Jeffrey A. Zinn, Environment and Development Conflicts in Coastal Zone Management 376
   3. Incentives for State Participation 377
      a. Funding 377
      b. Consistency Review 378

B. State Coastal Programs and Statutes: A Sampler 380
   1. Erosion Policy 380
      a. Setbacks: South Carolina 383
         Lucas v. South Carolina Coastal Council 385
      b. Limits on the Construction of Erosion Control Devices: North Carolina 406
         Shell Island Homeowners Association, Inc. v. Tomlinson 406
   2. Maximizing Access 414
      a. Rolling Dry-Sand Easements: Texas 414
         Severance v. Patterson 416
b. Public Access Rules: California and New Jersey
   Nollan v. California Coastal Commission 436
   New Jersey Administrative Code, § 7:7E-8.11 453
   Petrunis, Inc. v. New Jersey Department of Environmental Protection 453

3. Protection of Special Areas 458
   a. Wetlands Protection: New Hampshire 458
      Greenland Conservation Council v. New Hampshire Wetlands Council 458
   b. Conservation of Other Rare, Vulnerable Habitats: California 469
      Bolsa Chica Land Trust v. Superior Court of San Diego County 469

4. Decision-Making Institutions 482
   a. Involvement of Elected Officials: Rhode Island 484
      R.I. Water and Navigation Code, § 46-23-2 484
   b. Involvement of Elected Officials: California 485
      California Coastal Act, Cal. Pub. Resources Code §30301 485
   c. Policy Issues in Design of Decision-Making Structures 486
      Martin Nie, State Wildlife Policy and Management: The Scope and Bias of Political Conflict 486
   d. Decentralization and Local Permitting: Washington 492
      San Juan County v. Department of Natural Resources 493

C. Consistency 498
   Coastal Zone Management Act, 16 U.S.C. § 1456 498
   Kem Lowry, Casey Jarman & Susan Machida, Federal-State Coordination in Coastal Management 501

1. Private Projects 513
   In the Consistency Appeal of Henry Crosby from an Objection by the State of South Carolina, South Carolina Coastal Council, U.S. Department of Commerce, Office of the Secretary (December 29, 1992) 513
   In the Consistency Appeal of Southern Pacific Transportation Company to an Objection from the California Coastal Commission, U.S. Department of Commerce, Office of the Secretary (September 24, 1985) 521

2. Federal Activity 534
   California Coastal Commission v. Department of the Navy 534

D. Non-Point Source Water Pollution Control 541
   Coastal Zone Management Act, 16 U.S.C. § 1455b 542
Andrew Solomon, Comment: Section 6217 of the Coastal Zone Act Reauthorization Amendments of 1990: Is There Any Point? 545

E. Problem Exercise: Permitting 553

F. Chapter Summary 555

G. Suggested Reading 556

Chapter 6

Coastal Disasters, Climate Change, and the Future of Coastal Law 557

A. Insuring Coastal Property 558
   1. Wind Coverage 558
      Ebert v. Pacific Nat’l Fire Ins. Co. 558
      Tuepker v. State Farm Fire & Casualty Company 567
   2. Federal Flood Insurance 578
      a. History and Administration 579
      Rawle O. King, Federal Flood Insurance: The Repetitive Loss Problem 579
      b. Coverage 583
      Quesada v. Director, FEMA 583
      Wagner v. Director, FEMA 587
      c. “Policy” and Policy Issues 590
      Kenneth J. Bagstad, Kevin Stapleton & John R. D’Agostino, Taxes, Subsidies, and Insurance as Drivers of United States Coastal Development 590
      Adam F. Scales, A Nation of Policyholders: Governmental and Market Failure in Flood Insurance 593

B. Recovering from Disastrous Oil Spills 597
   1. The Story of the Exxon Valdez: Lawyer’s Edition 598
      Robert E. Jenkins & Jill Watry Kastner, Running Aground in a Sea of Complex Litigation: A Case Comment on the Exxon Valdez Litigation 598
   2. The Oil Pollution Act of 1990 and Natural Resource Damage Assessments 614
      Oil Pollution Act, 33 U.S.C. § 2706 614
      James W. Boyd, Lost Ecosystem Goods and Services as a Measure of Marine Oil Pollution Damages 615

C. Climate Change Impacts and the Future of Coastal Law 623
   1. Potential Impacts 624
Maryland Commission on Climate Change Adaptation
and Response Working Group, Comprehensive Strategy for
Reducing Maryland’s Vulnerability to Climate Change 624

2. Addressing the Threat
   a. A Lawsuit? 626
      Connecticut v. American Electric Power Co. 626

3. Adaptation 638
   a. Generally 638
      William E. Easterling, III, Brian H. Hurd & Joel B. Smith,
      Coping with Climate Change: The Role of Adaptation
      in the United States 638
      Barton H. Thompson, Jr., Tragically Difficult:
      The Obstacles to Governing the Commons 648
   b. Coastal Adaptation Strategies 655
      i. Conventional 655
         Florida Atlantic University Center for Urban and
         Environmental Studies, Florida’s Resilient Coasts:
         A State Policy Framework for Adaptation to
         Climate Change 655
         James G. Titus, Rising Seas, Coastal Erosion, and
         the Takings Clause: How to Save Wetlands and
         Beaches Without Hurting Property Owners 657
      ii. Less Conventional 663
         R.K. Turner et al., A Cost-Benefit Appraisal of
         Coastal Managed Realignment Policy 663
         Marc R. Poirier, A Very Clear Blue Line: Behavioral
         Economics, Public Choice, Public Art and Sea Level Rise 667

D. Chapter Summary 674
